### **DETAILED ACTION**

1. Applicant's response filed on 07/25/2000 has been fully considered. Prior art rejections have been withdrawn in view of applicant's comments.
2. Claims 5 and 6 are added, and thus claims 1-6 are pending.

### ***Specification***

3. The specification is objected to under 35 U.S.C. § 112, first paragraph, as failing to provide an adequate written description of the invention. The applicant has failed to incorporate a foreign test standard in the specification.

The incorporation of essential material by reference to a foreign application or foreign patent or to a publication inserted in the specification is improper. Applicant is required to amend the disclosure to include the material incorporated by reference. The amendment must be accompanied by an affidavit or declaration executed by the applicant, or applicants attorney or agent, stating that the amendatory material consists of the same application. *In re Hawkins*, 486 F.2d 569, 179 USPQ 157; *In re Hawkins*, 486 F.2d 569, 179 USPQ 163; *In re Hawkins*, 486 F.2d 569, 179 USPQ 167.

In order to avoid a 35 U.S.C. § 112, first paragraph rejection when the applicant attempts to incorporate a foreign test standard in the specification (for example see page 11, line 11), it is recommended that the applicant further incorporates the standard in the specification or submit an English translation of the standard.

### ***Claims***

4. Claims 1-6 are rejected under 35 U.S.C. § 112, first paragraph, for the reasons set forth in the objection to the specification.

The examiner has reviewed the submitted copy of ASTM D2240, however, the copy of ASTM D2240 does not show that JIS Z-2246 is equivalent to ASTM D2240. Since applicant failed to submit an English translation of the foreign test standard or since applicant failed to show that JIS Z-2246 is equivalent to ASTM D2240, claims 1-4 stand rejected, and claims 5 and 6 are also included in the rejection.

***Conclusion***

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
